07

Professional R&D, marketing activity, strategic promotion for the successful collaboration.

Business Proposal

1. Supplying our products immediately as your pairing product.

We can supply our NB, ODM products as of your pairing products immediately.

We continuously produce items every month to supply all major convenience stores in Korea.

2. Supplying OEM products for your marketing purpose.

We can produce customized product for your marketing activity.

We have supplied customized anti-hangover drink to the Daesun Soju (Korean soju liquor company) for more than 5 years with 2million bottles per annum. And their market share raised from 30% to 70% in the Southern part of Korea.

3. Supplying PB products that your company want to explore.

We developed and launched world 1st Cherry Blossom Sparkling with GS Retail's request.

This item has been sold more than the unbreakable #1 soda drink Coca-Cola in the first year.

ex) your company's anti-hangover jelly stick, your company's anti-hangover drink, your company's Energy drink, your company's malt soda drink, your company's red ginseng drink, your company's Hallabong orange Sparkling, etc.

4. Supplying PB Healthy drink.

We can make healthy drink, energy drink with Korean Red Ginseng, Yuzu, or Plum based products.

5. Supplying your company's IP applied products to Korean market.

By applying your reputable IP and logo into the new products, we can explore the Korean beverage market together.

Thank you
